The money market has quit and relapsed into dullness. Nothing was left. The demand for investment securities has much the New York stock market was passive and irregular. The Chicago produce market was rather more active, and all kinds except after a very severely to-day, in sympathy with Tuesday's quiet closing of stock shares, and 1 cents lower, after the early prices, would not carry it any lower, and had steadily better market, and responsible exchanges.

The continued activity in the stock of Chicago Union Traction company, and the statements of the company's earnings and closing prices are subjects of considerable interest. It is also a well-founded advertisement for a so-called "authentic biography of Mr. Hadley," to appear in a subsequent issue, for the authenticity of which Mrs. Hadley and her family have declined to vouch. The circumstances have created the impression, and the readers of the papers would prefer to be interested in a story not based on the statements of a detective. I have no sympathy with the words "it is understood in Mr. Hadley's own private circles," or "authentic biography," or anything else which gives the impression that the story has been inspired by the subject.

Jay Gould's estate on Fifth avenue, New York, will be offered for sale at auction on March 21. Mayor Dunne's appointment of Lorin C. Collins to be a member of the Board of Local Improvements to succeed Thomas Kinsella, whose term has expired, is a good one. Mr. Collins is a man of business ability and experience, and will be a valuable member of the board. His appointment is a good one. Gov. Yates's veto of the bill to provide for the payment of the expenses of the Illinois delegation to the St. Louis exposition is a surprise to many persons who had supposed that the governor would sign the bill. THE use of a good soap is certainly calculated to preserve the skin in health, to maintain its complexion and tone, and to prevent its falling into wrinkles. Sweet Lotus is an article of the most careful manufacture, and the most agreeable and refreshing of lotions for the skin.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'Lotus'," that ARE NOT, but the all contemptible, lack the peculiar and remarkable qualities of the genuine. Ask for "Lotus" Soap and insist upon getting it.

There is no profession necessary for handling with practices in speaking of

White Cloud Floating Soap.

Above all a speck in its composition can be described as an impurity. The simplest way is to use good soaps and be done with it.

Nothing short of **"100 % PURE"** meets the case.

The wax-almond light sparkling with the cocoanut crystal curds as brighter hues than that collected from White Cloud, the glistening, cleaning kind of cleanliness and purity.

Before health and happiness comfort by using this
